

House Rental Guide

In the following pages, please find our recommended house rentals. All of these properties are owned/managed separately from French's Point, so please contact the property owner directly for more information. Rental properties are a great option for families, or large groups of friends who are looking to turn their trip to Maine into a vacation. Renting a house can also be more cost effective than hotels and other nightly accommodations while offering privacy and space for friends and family to gather. You often find additional amenities not found in a hotel. Also, many of the recommended house rentals are within walking distance to French's Point!

The house rentals in this guide are listed from closest to farthest from French's Point.
